

Meeting Minutes.

Date and time: 17th of September, 11.30 am.

Attendees: Rajat Aggarwal(TA), Akhil Batra, Pranav Samvith, Inturi Suhas Reddy, Amitha G.

Agenda: Review of documents and advice for future documents from the TA.

Minutes:

Discussion.

- Mobile application, which would be made in R2, is comprised of only one iteration currently. We have been advised to increase the number of iterations to atleast two.
- All the living documents up till now have to be uploaded time and again before R1.
- The use cases in the UML diagram were discussed and a few changes were suggested to be updated in the SRS document.
- Advice on how formal documents are to be written was rendered.
- Iteration 1 has to be completed by 21st of September, as was written in the Project Plan Document.

Action Points:

- Create more iterations in R2.
- Edit the UML diagram and use cases in the Software Requirements Specification Document.
- Update the other living documents.
